## **Experience the joy of sharing and caring.** <sup>[1]</sup>

It is sometimes said, the value of a life is measured by how much one gives. And Lenbrook is a unique and inspiring community where you not only have the opportunity to give, but you can receive. Volunteers discover that Lenbrook residents give back to them by offering wisdom, joy and amazing life stories.

As a volunteer in the Health Center, you, too, can get as much out of your volunteer experience as you put in. If you would like to be contacted about how you can share your skills as a volunteer with Health Center residents, please complete the form available here. Lenbrook will contact you when they have a need for more volunteers.
