No maintenance. No worries. And time to enjoy. A perfect setting. ^[1]

Lenbrook has an undeniable WOW! factor. It is beautiful with stunning architecture and exquisite details. But the real beauty of this community is what residents *experience*, not see. As a resident, you will soon find you are spending time on what matters most to you, because you can leave many of the burdens of home ownership to Lenbrook.?

Lenbrook's package of services is quite comprehensive. At the heart of our mission is to provide an environment which allows residents to live fully. They can relax knowing most maintenance is handled by the community. They have no burden of keeping up a yard or home repair. Instead, they are enjoying themselves with free time for classes, cultural experiences and mingling with neighbors and friends.?

The staff at Lenbrook is remarkable in how they go out of their way to be helpful, caring, responsive and kind. Residents are always impressively commenting about how the staff seems to know everyone by name. Many communities may have similar services, but Lenbrook's personalized, attentive approach to delivering services is unmatched.

The amenities are superior, as well. There are one million square feet of total space on the campus, including social areas and such niceties as a spa-like pool, a fitness center, three restaurants, club rooms, classrooms and more. But there are other things you might not expect that make life at Lenbrook comfortable, convenient, exciting and truly one-of-a-kind.

Some of our amenities are:

- Exquisitely appointed apartment homes with outstanding features. More than 30 different floor plans to choose from
